

MA314Q — SHIPMENTS OF CARPET AND RUGS, INCLUDING INTERPLANT TRANSFERS

DEFINITIONS AND SPECIAL INSTRUCTIONS

1. Scope of survey

This survey covers all companies manufacturing carpet and rugs in the United States.

2. Figures to be reported

a. Quantity and value of shipments

The figures on quantity and value of shipments should include the physical shipments of all carpet and rugs sold, transferred to other establishments within your company, or shipped on consignment, whether for domestic or export sale. The value represents the net sales price, f.o.b. plant, to the customer or branch to which the products are shipped, net of discounts, allowances, freight charges, and returns. Shipments to your own branches should be assigned the same value as comparable sales to unaffiliated customers, i.e., the value includes an appropriate allocation of company overhead and profit. Products bought and resold without further manufacture should not be included in shipments.

b. Shipments of carpet and rugs

Quantity — Report the quantities of your own goods shipped from the reporting establishment. Your figures should include —

Any carpet manufactured to be cut into carpet tile

Products transferred to other divisions of your company such as warehouses or sales offices, as well as products shipped to outside customers;

Shipments of products made for you on commission by others from your materials

For automobile and aircraft carpeting, report value, f.o.b. plant, which should include fabrication costs, if applicable

but *exclude* —

Products transferred to you from other divisions of your company;

Products made by you on commission for others from their materials;

Products fabricated from carpeting or roll goods produced in another plant.

3. Definitions

The product detail for this survey is defined according to standard nomenclature for this industry.
